

MAGNARO®-HTPP

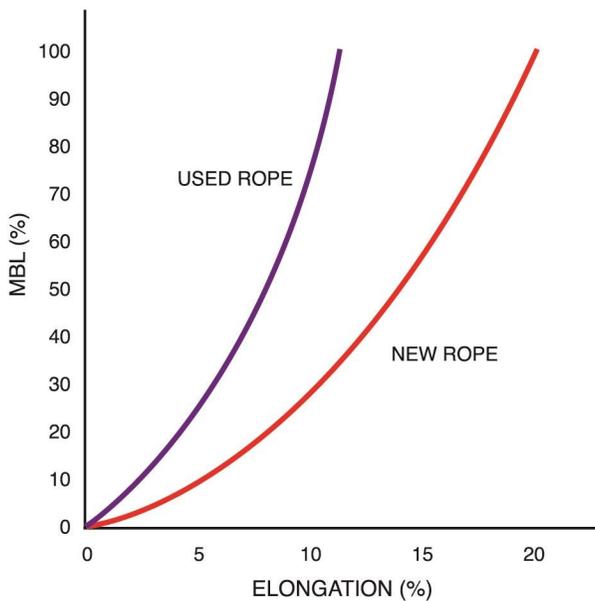

PRODUCT DESCRIPTION

MAGNARO®-HTPP is an improved, high-strength alternative for Polypropylene. Our PP/PE melt mix features higher breaking load and better abrasion resistance compared to regular Polypropylene. Our HTPP rope has lower weight, is floating and does not absorb water, making it easier to handle and ensuring a longer lifespan and an economical purchase.

PRODUCT PROPERTIES

Material	Mixed Polyolefin (PP / PE)
Construction	8/12-strand
Color of Rope	White with 2 brown markers Blue with 2 red markers
Specific Gravity	0.92
Melting Point	165°C
Abrasion Resistance	Good
U.V. Resistance	Good
Dry & Wet Conditions	Identical wet & dry strengths
